

# Slowbucks & The Brooklyn Brand Man To Sue Summer Jam Attackers!

June 6th, 2014

He may be taking legal action over the Summer Jam beat-down he suffered — allegedly served up by Fiddy and members of his G-Unit clique — but Slowbucks' lawyer has set the record straight... letting it be known that Slowbucks is no snitch. In fact, we're not sure trademark attorney John P. Bostany would even consider repp'in Slowbucks if he were a snitch!

To get the full just of what we're talking about, you gotta check out the video footage of the pre-suit press conference Bostany held... with a tight-lipped Slowbucks present.

*"This isn't about beating up someone in a dark alley, that's easy to do. This is about trying to hurt the man's brand." -John P. Bostany*
